

Revere Copper Products, Inc.

One Revere Park, Rome, NY, 13440-5561 (315) 338-2022

August 13, 2021

California's Safe Drinking Water and Toxic Enforcement Act of 1986

Alloys: C10100; C11000; C12200; C14420

The Copper and Copper Alloys listed above and manufactured as sheet, plate, strip, and bar by Revere Copper Products naturally contain trace levels of other metallic elements. Some of which are included in the most recent list of chemicals in Proposition 65. Typical concentration levels of those elements are shown below.

As < 100 ppm

Be < 50 ppm

Cd < 100 ppm

Pb < 100 ppm

Ni < 150 ppm

Revere Copper Products believes these trace levels will not result in measureable exposures for product used in accordance with safeguards generally recognized as normal when processing metals and in accordance with our SDS information. In accordance with this belief we do not believe we are required to place a warning on our products.

As Revere Copper Products does not recognize, understand, control, or test every end product manufactured from our material, it remains the responsibility of the purchaser to determine compliance with the requirements of California's Safe Drinking Water and Toxic Enforcement Act of 1986.

In the event that the product provided by Revere Copper Products is used or processed in a manner not anticipated by Revere Copper Products, compliance with the requirements of California's Safe Drinking Water and Toxic Enforcement Act of 1986 remains the responsibility of the user.
