REACH Compliance Statement

The European Union's REACH Directive (EC 1907/2006) imposes requirements for the Registration, Evaluation and Authorization of Chemical substances and products sold in the EU countries.

Revere Copper Products, Inc. supports the basic aim of REACH in improving the protection of human health and the environment.

Revere Copper Products, Inc. manufactures products defined as "articles" by the directive. These articles do not release substances under normal use. As articles, our products are not subject to registration.

Revere Copper Products, Inc. also recognizes its responsibility to provide customers with information on Substances of Very High Concern (SVHC's) defined on the REACH Candidate List which are present in concentrations greater than 0.1%.

Products supplied by Revere Copper Products, Inc. do not contain any SVHC from the candidate list in quantities above the established limit.

Revere Copper Products, Inc. monitors additions to the SVHC Candidate List to ensure that our products continue to comply with the regulations. The SVHC Candidate list was last revised on January 17, 2022 when 4 new substances were added. None of the SVHC's included on the Candidate List is intentionally added in the manufacture of our products and controls on the raw materials that preclude unintentional use are in place.
